All, See the note below. The Garfield County folks want to engage with us before we select a planning contractor. We need to discuss next week. Ed

**Subject:** Monument management plan revision

I know it has only been two weeks since the President's announcement modifying the GSENM boundaries, but a lot needs to happen in the next few months. It would be good if we could determine any data/analysis/drafting needs that might be done by the state or counties before BLM requests proposals from 3<sup>rd</sup> party contractors.

We should also discuss pros & cons of Joint Lead vs Cooperating agency status. From the President's announcement, I understand the State and Counties are to be involved at an unprecedented level.

Would it be possible to set up a preliminary meeting / conference call to begin working together?

bb
